## b. Theses

Title of thesis	Degree
Weighted composition operators on some function spaces	Ph.D.
Local spectral properties of weighted shifts	M. Sc.

## **Professional History**

### a. Teaching history

Title of course	Lave	Name of Institution	Year
Mathematical Analysis (1,2)	B. Sc.	University of Maragheh	From 2010
Differential Equations	B. Sc.	University of Tabriz	From 2006
Calculus	B. Sc.	University of Maragheh & Tabriz	From 2006
Real Analysis	M. Sc.	University of Maragheh	2012
Operator Theory	M. Sc.	University of Maragheh	2012

## **b**. Academic Position:

Position	Field of Specialization	Name of Institution	Year	
Assistant Professor	Mathematical Analysis	University of Maragheh	From 2010	

# Attending in seminars, Workshops, etc.

Title of seminar, Workshop, etc.	Place	Year		
Analysis seminar of the universities Linz, Prague and Salzburg	Franking, Upper Austria	May 28-30,2010		
50th Mathematics & Mechanics Conference	N. Sci. Academy of Azarbaijan, Baku	200 <b>9</b>		
Seminar of operator algebras	Salzburg	Aug. 5, 2010		
Workshop of Meteorology	Tabriz	2008		
Workshop of Geometry and Topology	University of Maragheh	2013		
Workshop of Fundamental Algebra	University of Maragheh	2011		
Workshop of set theory and applications	University of Maragheh	2012		
Variational analysis and optimization	University of Tabriz	2012		

# Papers:

Title	Journal	Vol. No	Page	Year
SOME WEAK HYPONORMAL CLASSES OF WEIGHTED COMPOSITION OPERATORS	Bull. Korean Math. Soc.	47(4)	793-803	2010
A note on J-sets of linear operators	RACSAM	105	449-453	2011
Conditional multiplication operators	Bull. Malaysian math. Soci.	(2) 37(1)	165-171	2014
SUBNORMALITY AND WEIGHTED COMPOSITION OPERATORS ON L2 SPACES	Kyungpook math. J.	55	345-353	2015
COMPOSITION OPERATORS ON THE WEIGHTED LOCALLY CONVEX SPACE OF MEASURABLE FUNCTIONS	J. An Univ. Oradea, fasc. Mat	22	63-68	2015
SUBSPACE- DISKCYCLIC SEQUENCES OF LINEAR OPERATORS	Sahand Com. Math. Anal.	6		2017
Numerical solution of a class of nonlinear Volterra integral equations using Bernoulli operational matrix of integration	Acta Universitatis Matthiae Belii, series Mathematics	23	35-56	2015
ON REDUCIBILITY OF WEIGHTED COMPOSITION OPERATORS	Bulletin of Iranian Math. Soc.	In press		2016
J-Class Sequences of Linear Operators	Complex Analysis and Operator Theory	In press		2017

### Conferences:

Title of paper	Title of Conferece	Place	Year
Compact Lambert Multiplication	International Conference on	University of Payam	2012
Operators	Functional Equations, Geometric	Noor, Tabriz	
-	Functions and Applications		
P-HYPONORMALITY OF	The 20nd Seminar on Mathematical	University of Maragheh	2012
WEIGHTED COMPOSITION	analysis and Its Applications		
OPERATORS			
A NOTE ON HYPERCYCLICITY	The 20nd Seminar on Mathematical	University of Maragheh	2012
	analysis and Its Applications		
An invariant subspace for	43rd Annual Iranian Mathematics	University of Tabriz	2012
composition operators	Conference		
Reducibility of conditional type	پنجمین همایش علمی تخصصی ریاضی	University of Payam	2014
operators		Noor, Benis	
Subspace characterization of	The 21nd Seminar on Mathematical	Azad Islamic university	2014
weighted composition operators on	analysis and Its Applications	of Hamadan	
L2 spaces			
Scientific Committee	The 20nd Seminar on Mathematical	University of Maragheh	2012
	analysis and Its Applications		
Scientific Committee	5 <sup>th</sup> Mathematical symposium	University of Payam	2014
		Noor. Benis	

Dual of weighted C-Bessel mapping	The 7 <sup>th</sup> national conference on	University of Payam	2015
	Mathematics	Noor, Tabriz	

Title of paper	Title of Conferece	Place	Year
Conditional C-frames and C-Bessel mapping	The 2th seminar on operator theory	Shiraz	2015
Diskcyclic sequence of linear operators	The 6th Mathematics Conference	P.N.U of Bostan Abad	2015
